

## Speakers' Biographies:

**Peter Joseph** is a "Climate emergency doc" advocating for a price on carbon. Co-author, *The Little Engine That Could: Carbon Fee and Dividend*, an entry in the MIT Climate CoLab contest for a US Carbon Price, which won the Popular Choice award. Currently a Group Leader in the Marin Chapter of the Citizens Climate Lobby. Citizens Climate Lobby strives to build the political will for meaningful climate change legislation, specifically a fee on carbon in fossil fuels.

**Bruce Riordan** has been a consultant on climate change strategies in the Bay Area for the last 10 years. For the Joint Policy Committee, he developed and operated the Bay Area Climate & Energy Resilience Project, a learning network of 300+ Bay Area climate stakeholders from the public, private and non-profit sectors. He also founded the Alliance of Regional Collaboratives for Climate Adaptation (ARCCA) that brings together climate adaptation leaders from across California.
